

CHOPE!

When Jane was young, she had to “CHOPE” for the best seat in her family car. After purchasing the Toyota Corona, there is no need to fight for the best seat anymore. All the seats are comfortable and spacious for her family of 5.

Gather your friends and family together to play! Throw the dice and place your fingers on the colour that the dice lands on. Try to win by “chope-ing” the “seats” without lifting other fingers of yours.
